Alfred Music

This new investigation of the Brandenburg
 Concertos explores musical, social, and
 religious implications of Bach's treatment
 of eighteenth-century musical hierarchies.
 By reference to contemporary music
 theory, to alternate notions of the
 meaning of "concerto," and to various
 eighteenth-century conventions of form
 and instrumentation, the book argues that
 the Brandenburg Concertos are better
 understood not as an arbitrary collection
 of unrelated examples of "pure"
 instrumental music, but rather as a
 carefully compiled and meaningfully
 organized set. It shows how Bach's
 concertos challenge (as opposed to
 reflect) existing musical and social
 hierarchies. Careful consideration of
 Lutheran theology and Bach's documented

understanding of it reveals, however, that his music should not be understood to call for progressive political action. One important message of Lutheranism, and, in this interpretation, of Bach's concertos, is that in the next world, the heavenly one, the hierarchies of the present world will no longer be necessary. Bach's music more likely instructs its listeners how to think about and spiritually cope with contemporary hierarchies than how to act upon them. In this sense, contrary to currently accepted views, Bach's concertos share with his extensive output of vocal music for the Lutheran liturgy an essentially religious character.

6 Brandenburg Concertos W. W. Norton & Company

The Brandenburg Concertos represent a pinnacle in the history of the Baroque concerto. This analysis places the concertos in their historical context, investigates their sources, traces their origins and discusses the changing traditions of performance.

Bach Against Modernity G Schirmer Incorporated

One of the major keyboard composers of the early 20th century, Max Reger made numerous piano arrangements of Bach's orchestral and chamber compositions, and these piano four-hand arrangements of the Brandenburg Concertos rank among his finest accomplishments in the genre. Not merely reductions of the orchestral scores, Reger's four-hand versions recast the original masterpieces in a truly pianistic way, creating a fascinating and satisfying addition to the piano four-hand repertoire. Reproduced from a rare edition.

Bach: The Brandenburg Concertos Oxford University Press

The Classical Music Experience Alfred Music

Georg Philipp Telemann gave us one of the richest legacies of instrumental music from the eighteenth century. Though considered a definitive contribution to the genre during his lifetime, his concertos, sonatas, and suites were then virtually ignored for nearly two centuries following his death. Yet these works are now among the most popular in the baroque repertory. In *Music for a Mixed Taste*, Steven Zohn considers Telemann's music from stylistic, generic, and cultural perspectives. He investigates the composer's cosmopolitan "mixed taste"--a blending of the French, Italian, English, and Polish national styles--and his imaginative expansion of this concept to embrace mixtures of the old

(late baroque) and new (galant) styles. Telemann had an equally remarkable penchant for generic amalgamation, exemplified by his pioneering role in developing hybrid types such as the sonata in concerto style ("Sonate auf Concertenart") and overture-suite with solo instrument ("Concert en ouverture"). Zohn examines the extramusical meanings of Telemann's "characteristic" overture-suites, which bear descriptive texts associating them with literature, medicine, politics, religion, and the natural world, and which acted as vehicles for the composer's keen sense of musical humor. Zohn then explores Telemann's unprecedented self-publishing enterprise at Hamburg, and sheds light on the previously unrecognized borrowing by J.S. Bach from a Telemann concerto. *Music for a Mixed Taste* further reveals how Telemann's style polonaise generates musical and social meanings through the timeless oppositions of Orient-Occident, urban-rural, and serious-comic.

Bach Perspectives, Volume 5 Cambridge University Press

This edition is a reprint of the Bach-Gesellschaft Ausgabe edition of the Brandenburg Concerto No.3 in G major, BWV 1048. The Bach-Gesellschaft Ausgabe (English: Bach Society Edition) of the complete works of Johann Sebastian Bach was published in a series of 46 volumes from 1851-1899, by the Bach-Gesellschaft and Breitkopf & Härtel in Leipzig. A single supplemental volume was issued in 1926. The BGA volumes edited by Wilhelm Rust (1822-1892) were generally quite good and often differ little from their modern counterparts found in the Neue Bach Ausgabe, although other editors were less meticulous. All six of the Brandenburg Concerti were contained in volume 19 of the collection, edited by Rust."

A History of the Concerto Princeton University Press

This collection contains violin, viola, and cello parts for three of Boccherini's string quintets: C major, E flat Major, and D Major (Bird Sanctuary). Kalmus Editions are primarily reprints of Urtext Editions, reasonably priced and readily available. They are a must for students, teachers, and performers.

Violin concerto in E minor, op. 64 Rowman & Littlefield

In this work, nine scholars track Johann Sebastian Bach's reputation in America from an artist of relative obscurity to a cultural mainstay whose music has spread to all parts of the population, inspired a wealth of scholarship, captivated listeners, and inspired musicians.

Written between 1726 to 1731 and edited

by Hans Bischoff in 1882, the Partitas are among the last of the keyboard suites Bach composed. They are also the most technically demanding.

55 Of The Most Beautiful Classical Piano Solos Alfred Music

Thirty years after his death, Fritz Reiner's contribution--as a conductor, as a teacher (of Leonard Bernstein, among others), and as a musician--continues to be reassessed.

Music scholar and long-time friend Philip Hart has written the definitive biography of this influential figure.
