Learn Beginner Guitar Chords The Right Way, From The Start In the 24 + years that I've been playing the guitar, I've learnt a lot about what works and why it works for beginner guitar players. I've given a lot of thought to how players can progress as easily and efficiently as possible. I want to give you just a handful of relatively easy beginner guitar chords that have been used in

hundreds, if not thousands, of songs throughout the years. In addition to this, I'll show you how to practice these chords in a way that will ensure that your playing technique advances swiftly and holistically. Who Is This Book For? This book was specifically written for the beginner guitar player who wants to go deeper, quicker. If you want to know how to learn guitar chords the right way, this is the book for you. Here's what you get in Beginner Guitar Chords In Theory & Practice: Learn the guitar chords that every guitarist absolutely must know, which have been used in countless songs through the ages, and how to play them with Clarity and Efficiency. Understand the guitar music theory behind how these chords are grouped together in a way that 'just sounds right'. Knowing these chord groups is really powerful and it's perfect for laying a solid foundation before learning songs. Learn the most common guitar chord progressions for guitar and how to practice them with Good Timing, a skill that most beginner guitar players lack. Discover the 5 beginner guitar scales which go perfectly with the chords you learn. This is a perfect jumping off point for riffs & solos, as well as being powerful foundational knowledge for more advanced concepts down the road, such as fingerstyle guitar. Bonus Material You also get this awesome supplementary material (there is a link provided to it in the chapter entitled, 'Book Bonus' on page 4): Over 150 downloadable MP3 audio track examples of all the material contained in this book, so that you can hear what it sounds like, in addition to seeing it on the page. 50 + powerful chord hacks to sweeten your basic chords and take your playing to the next level (downloadable pdf). Online quizzes for each section, that will help you to really nail the basic chord theory for guitar contained in this book. All you need to do is follow the link provided in the chapter entitled 'Book Bonus', on page 4, log in and use the material whenever you like. Ready To Start? I use the following very simple criteria when I'm deciding whether or not I should write a new book or course, which is: "Knowing what I know now, would this information have made my life easier when I was just starting out?" The answer to this question is a resounding 'YES!' This is one of the most important beginner guitar lessons you could get. It's the perfect book for guitar players who want to start off learning their chords the right way. Scroll to the top, hit the 'buy' button, and I'll see you on the inside!

(Music Sales America). This book has been specially created for any guitarist who wants to learn note reading, be they beginners or more advanced players who have neglected this part of their musicianship. It starts with the very basics of written music and progressively introduces notes on each string one at a time until all notes in the "open position" (first five frets) of the guitar have been mastered, and up to 8th note rhythm subdivisions have been learned and applied. Also covered are sharps, flats, key signatures, accidentals, repeats and more. Each step includes practical exercises, handy tips and tricks and a simple repertoire for students to put their reading skills into practice. Spiral open so it lays flat no matter what page you're on.
